## **Voice of Swamy Vivekananda**

Take up one idea. Make that one idea your life – think of it, dream of it, live on that idea. Let the brain, muscles, nerves, every part of your body, be full of that idea, and just leave every other idea alone. This is the way to success. ... If we really want to be blessed, and make others blessed, we must go deeper.

The history of the world is that of six men of faith, six men of deep pure character. We need to have three things; the heart to feel, the brain to conceive, the hand to work. Make yourself a dynamo. *Feel* first for the world ... Ask yourself, does your mind react in hatred or jealousy? Good works are continually being undone by the tonnes of hatred and anger which are being poured out on the world. If you are pure, If you are strong, you, one man, is equal to the whole world

Three things are necessary to make every man great, every nation great;

1. Conviction of the powers of goodness
2. Absence of jealousy and suspicion
3. Helping all who are trying to be and do good.

To me the very essence of education is concentration of mind, not the collecting of facts. Real education is that which enables one to stand on one's own legs.

**Swami Vivekananda**

## NOTE TO PARENTS

1. Your first concern as a parent should be to see that your ward attends the college regularly. Parents who permit their ward to be absent from college unnecessarily handicap their ward's opportunity to succeed in studies.
2. You can contribute a great deal to your ward's success in the college by encouraging home study. See that your ward devotes at least four hours every day for his/ her studies at home.
3. Parents are expected to co-operate in the work of the college by enforcing regularity and discipline by evincing interest in their child's progress and extending the fullest encouragement to participate in co-curricular and extra-curricular activities.
4. You are requested to go through the Performance Report periodically to ensure your ward's progress in studies & attendance.
5. When you are requested to meet the Head or the class teacher, it should be done immediately because the feed back of the ward's weakness in the class can be directly communicated.
6. A wholesome attitude towards college and confidence in his/her teachers is essential for the ward's maximum success in college. Criticism of your ward's teachers in his/ her presence should be avoided since it gives room for the ward to lose respect for teachers and consequently he/she fails to learn from these teachers. Should you have a legitimate complaint, see the Head at the earliest.
7. Withdrawal of your ward from class for a mere social function is not recommended because it retards his/her progress in college and minimizes his/her respect for regular hard work & attendance.
8. Encourage your ward to cultivate the habits of neatness, self help and systematic work.
9. Ensure that your ward does not bring any costly gadgets to college. College will not be responsible for it in whatsoever manner.
10. Failure to pay the fees on time will be viewed seriously.
11. Parents are requested to notify in writing in case of any change of address, E-mail ID's, Telephone numbers to the college office
12. Parents will get an official letter if college is taking the students out of station for projects and industrial visits.
13. Parents should not come to college and disturb the child during class hours.
14. Parents are welcome after the sessions conclude for the day.
15. As per the rule of Government of India. Child is allowed to travel on concession from college to home town only.

## Dress code and appearance

A decent and elegant dress (adds to the) the personality of an individual. It pushes up one's spirits as regards discipline and confidence. It also in its own merits creates an atmosphere congenial for learning. During transition period, for choosing **one's attire** the peer group influence allows students greater freedom of choice. But the presentability should correspond to the environment, situation and purpose and this freedom should not cross respectable decency. Also from the point of view of social security and safety of girls in public, it is better to avoid revealing and provocative dresses. In such matters, parenting should assume a supporting and supervisory role. Dress sense should be based on comfort, appropriateness and tastefulness of choice, rather than trends of fashion and the desire for display. In our college we have formed a committee to routinely monitor the dress code. Students should strictly adhere to the dress code.
