Joining Jain College has been one of the wisest decisions I have made. The atmosphere here is very conducive for learning and the college has put me on the right course for my future. The faculties here don't just teach but they are ever available even for mentoring about career and future goals. This is only possible due to their rich industry experience. The placement team here helps each student to realize their true potential and interests right from the time of beginning of the course.

Amrita Sharma placed in  ` 5.4 Lacs CTC

The best part about Jain College is the innovative and industry suited value-added programmes that it offers. The programmes are designed keeping in mind the requirements of the industry to ensure students get better placements. It is for this reason that the college has excelled in all disciplines. The faculties with their rich experiences have helped me to strengthen my knowledge to ensure I meet my future goals without any difficulties. It would not have been possible for me to get placed in a reputed company like Wipro had there not been the strong support from the placement team.

Ashish Mardia placed in  ` 5 Lacs CTC

Jain College has been a stepping stone for me towards my career. No amount of gratitude towards this institution would be enough. The college has an excellent infrastructure, a well-equipped library and almost everything that a student would need. The college ensures we get the best education, thanks to the diverse set of faculties from relevant industries. I am well placed today and happy with my job which was due to the hardwork of the placement cell.
