Saturday <b>17/10/2020</b>	Biology Computer Sc Electronics	Statistics (ABSC + ABMS) Economics (ABEM+ABES+ABECs)

JAIN COLLEGE, V V Puram

## II PUC Online Test – October 2020

### PROTOCOL

On the test date, students must be ready with the required stationery (pens, pencils, sharpener, eraser, sufficient A4 size sheets) and a bottle of water.

Find a suitable place to write the test. The video camera must compulsorily be switched on while writing the test. The teachers will be monitoring and invigilating the students online during the test. No other person can enter the room where you are taking the test except one of your parents who will act as a local invigilator.

On all the unruled A4 sheets, students must clearly write their **Register No.**, complete name, class, combination, section, subject and page number.

The question paper will be displayed on the screen & also will be on Google Class Room and Whatsapp Group exactly at the commencement of the test. Immediately after the completion of the test, the answer script must be scanned in bright light and uploaded to Google Class Room in "Single file" within 10 minutes of the completion of the test.

The original answer script must be put in an envelope and sealed with date, parents' signature, subject and time written on it which must be submitted to your subject teacher when the college reopens.

Students are advised to honestly write the paper without referring to any books, notes or modules. This test is for you to know where you stand in attempting the Board type papers. If you cheat during the exam, you will be cheating yourself.
