

JAIN COLLEGE JAYANAGAR

PRESENTS

SPHOORTI

About us: Founded in the year 2002 the Commerce Forum (CF) has been the Centre of activity in Jain College. CF has always believed in the ideology of learning on the job, where we put our members to tasks, to help students learn and be a part of the corporate culture. CF has always been a collection of highly inspired and motivated students, who are ready to put effort to learn about things which aren't part of the curriculum, yet essential in the outside world. The Commerce Forum inspires not by setting examples in front of people but provides students with an opportunity to be a part of such legacies and make their own mark in the society. Being the most professional body within the college this forum aims at giving a brief of corporate life to its members before they enter the corporate world.

TARU SAMSKRITI

Taru or tree is an amazing expression of life force that energizes and supports the earth's biosphere. It is a word within the world, sustaining many forms of life.

Young students are also like TARU, holding within themselves immense potentiality to invigorate and enrich the society around them. Here is a wonderful opportunity for you to unfold those latest possibilities in an ambience charged with fun for your enjoyment and insights for your growth.

SPHOORTI 2017

-Inspiration for Life-

Sphoorti is an inter-collegiate Commerce Fest that is organized annually by the students of Jain College. It receives enthusiasm from students and faculties of various reputed institutions and universities. For several long years, the fest has provided students an opportunity to experience an abundant number of events amongst tough competition, wherein they shall fight tooth and nail not only to win but also to gain respect.
