6. Quality of institutional management

Institutional Vision and Leadership:

The institution adopts a decentralized and participatory management approach in both academia and administration, guided by a well-defined vision statement. While the college Principal exercises complete control over institutional affairs, the Governing Body retains authority to decentralize academic and administrative responsibilities as needed.

The Governing Council plays a pivotal role in overseeing academic activities, ensuring consistent and successful management of educational endeavours. Through its proactive oversight, the Governing Council contributes to the institution's academic excellence and advancement.

Strategy Development and Deployment:

The college's strategic plan was developed with careful consideration of its goals and vision. As a result, students now have access to a brand-new, fully furnished, state-of-the-art facility equipped with cutting-edge ICT-enabled classrooms, upgraded library infrastructure, e-learning capabilities, and advanced safety and security management systems.

Furthermore, the institution prioritizes sustainability initiatives such as rainwater harvesting and renewable energy usage, contributing to a green campus environment. Hygiene standards are maintained rigorously to ensure the well-being of students and staff.

To support student welfare and promote a safe and inclusive campus culture, the institution has established various support mechanisms, including an effective Anti-Ragging Cell, Anti-Sexual Harassment Cell, Grievance Redressal cell and Women's cell. These initiatives aim to create a conducive learning environment where all students can thrive.(**Annexure- 2.10, 2.11 Pg: 115-132)**

Internal Quality Assurance System:

To promote quality culture on the campus, IQAC brings in initiatives such as the regular submission of AQAR, organising FDPs and SDPs for staff empowerment and conducting

seminars, conferences, and workshops on quality aspects of NAAC and NIRF. The IQAC also collects and analyses the feedback from various stakeholders.

7. Financial resources provided by the Management/ State Government for the development of the College/ Institute

The college operates as a self-financed institution and upholds stringent financial discipline through meticulous planning and oversight. Skilled and qualified Chartered Accountants are tasked with overseeing all financial activities of the college.

At the outset of each academic year, Departmental budgets are prepared and submitted to the principal for review and approval. Following a thorough examination and feedback process, the budget is forwarded to the Chief Financial Officer of Arka Educational and Cultural Trust for final approval and any necessary modifications.

Funds are allocated separately for short-term and long-term expenses to ensure prudent financial management. The institution mobilizes funds through various means, including student admission fees, industrial consultation fees, renting out space for external examinations, grants from external agencies, and interest earnings from term deposits.

8. Responsiveness of the administrative structure

Staff:

The Institution's Governing Council is composed of key academic stakeholders, including the Principal, Heads of Departments (HODs), IQAC Coordinator and Office Superintendent. Governing Council meetings are convened twice every year, facilitating comprehensive discussions on academic matters and strategic planning.

Students:

The Department-level student forums are designed to cater to the diverse needs of students, encompassing both curricular and co-curricular activities. These forums serve as platforms for students to engage in various academic, cultural, and extracurricular pursuits tailored to their interests and aspirations.

9. Motivation and involvement of faculty in the promotion of innovative reforms

The institution allocates a substantial budget to incentivize and engage teachers in innovative reforms, providing seed money for project proposals to various funding agencies. Each year, the

college's Research Committee, Management, and IQAC members collaborate to strategize ways to enhance and develop new facilities to support academic research. As a result, many faculty members have successfully secured funds from external sources for their research projects, leading to the publication of high-quality research papers in peer-reviewed journals. To further encourage faculty involvement in research endeavours, the management provides incentives to those who publish papers in reputable journals.

In response to the evolving landscape of education, faculty members have adopted innovative teaching methods leveraging ICT tools. Through an ERP-linked mobile app, the college seamlessly transitioned to online classrooms and lecture capture during the pandemic, aligning with its vision and goals.

Various innovative reforms in teaching and learning practices have been implemented, including e-content development, blended classes, flipped classrooms, experiential learning through field/industrial visits, awareness programs, participation in conferences, and more. The college actively encourages students and faculty to enrol in LINKEDIN/NPTEL certification courses, fostering their professional growth.

The maintenance department ensures infrastructure usage and maintenance through routine inspections and procedures. Yearly green audits, conducted with the assistance of other organizations, aim to reduce water and energy waste, improve waste management, and promote resource conservation. Additionally, extension and outreach initiatives are planned periodically to provide practical experience and raise awareness among faculty and students.

The library is fully automated, integrated with an Integrated Library Management System, and organizes book exhibitions and workshops to promote library use among faculty and students. Biometric attendance systems are implemented for hassle-free check-in and check-out for all staff members, ensuring efficient management of attendance records.

- To individualize the teaching-learning process and encourage innovative syllabus design, teaching methods, and evaluation techniques to bring out the best in every student.
- To enhance graduates' employability by developing courses that align with the country's manpower needs and the urgent requirements of the country and the state, thereby increasing employment opportunities.
- To promote academic excellence and strive for objectivity in every academic endeavour.
- To raise students' social awareness by providing exposure to and analysis of social conditions, enabling them to understand their responsibilities and engage in meaningful social action.
- To prioritize the quality of life over material success and instil human, social, and moral values in students, reflecting the diverse and pluralistic Indian culture and heritage.

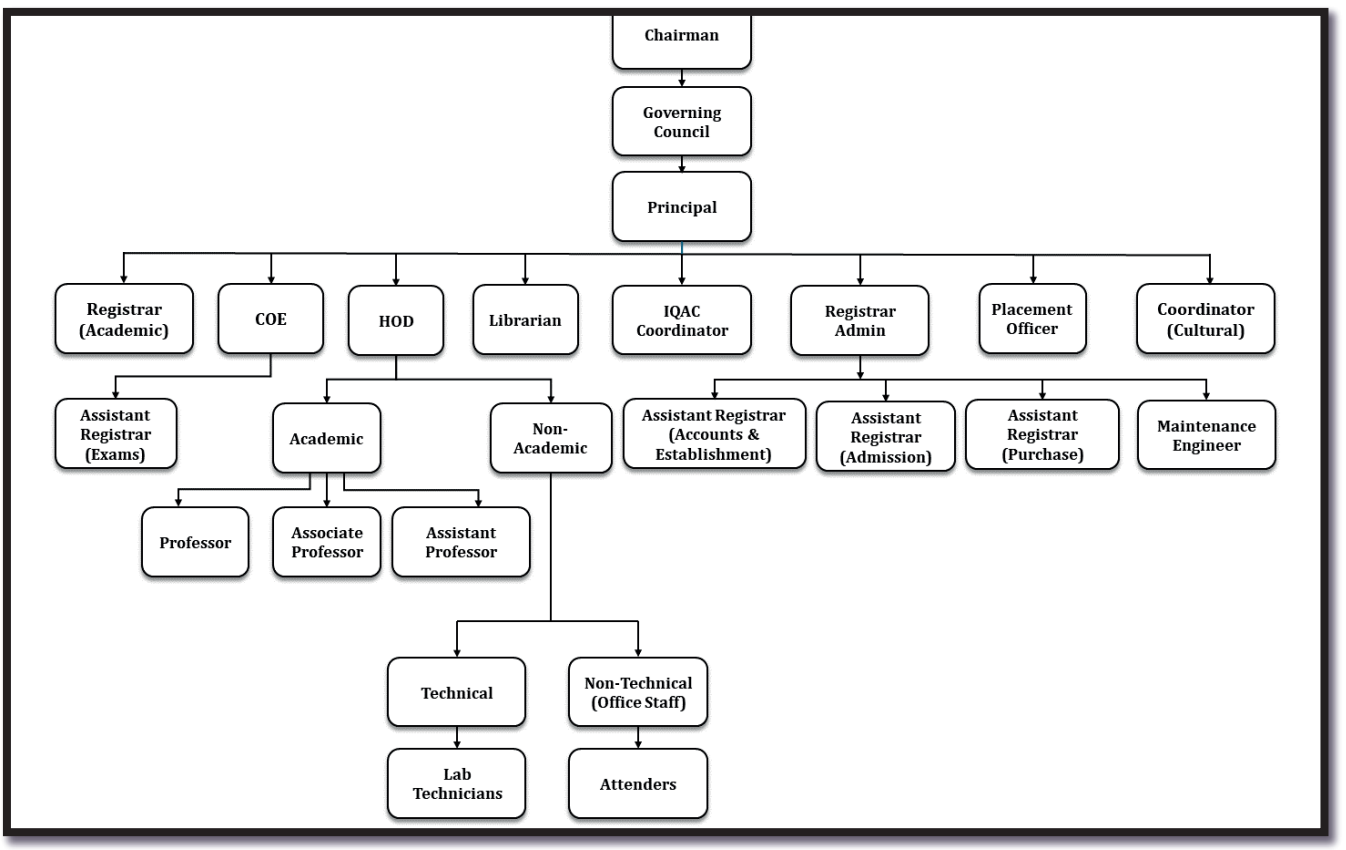

2. Management of the College

The college shall adhere to the governing structure for autonomous institutions as outlined in the Guidelines for Autonomous Colleges by the UGC. This structure includes statutory bodies such as the Governing Council, Academic Council, Board of Studies, and Finance Committee, which play essential roles in overseeing academic and administrative affairs.

In addition to statutory bodies, the college will establish non-statutory committees to ensure the proper management of various aspects of academic and general administration. These committees include the Planning and Evaluation Committee, Grievance Redressal Committee, Examination Redressal Committee, Admission Committee, Library Committee, Student Welfare Committee, Anti-Sexual Harassment Committee, Anti-Ragging Committee, Extra-curricular Activities Committee, Malpractice Prevention Committee, and Academic Audit Committee.

By implementing this comprehensive governing structure, the college aims to uphold academic standards, promote transparency, and effectively manage its administrative functions in accordance with UGC guidelines.

3. Governance plan indicating the proposed institutional structure

4. Student admissions policy and plan

The management intends to form a three-member committee to oversee the admissions process for both undergraduate (UG) and postgraduate (PG) courses. Adhering to government regulations, the management is dedicated to following the merit-cum-roster system for admissions.

To initiate the admissions process for the upcoming academic year, the institution will advertise openings through various mass media channels and its official website. These advertisements will invite applications from eligible students for admission to different courses offered by the institution.

The college shall adhere to the UGC guidelines, in alignment with the National Education Policy (NEP), for undergraduate (UG) and postgraduate (PG) courses. This involves the establishment of essential governing bodies, including the Governing Body, Academic Council, Board of Studies (BOS), and Board of Examination (BOE), to oversee academic affairs effectively.

Furthermore, the institution will prepare a comprehensive Calendar of Events detailing academic activities and milestones. This calendar will undergo regular review and assessment during internal meetings of the Academic and Governing Councils to ensure progress and successful implementation of academic initiatives.

5. Curricular aspects

The college adheres to UGC guidelines, as per the National Education Policy (NEP), for undergraduate (UG) and postgraduate (PG) programmes. This involves constituting a Governing Body, Academic Council, Board of Studies (BOS), and Board of Examination (BOE). These bodies oversee and ensure the quality and adherence to academic standards.

Furthermore, the institution prepares a Calendar of Events which is regularly reviewed during internal assessments in Academic and Governing Council meetings. This process ensures ongoing progress and effective implementation of academic activities throughout the academic year.

6. Student feedback system

The college will implement a highly effective feedback system in collaboration with the Internal Quality Assurance Cell (IQAC). A standardized set of feedback questions will be developed to gather input from all stakeholders, including students, alumni, parents, and employers. These feedback forms will be distributed electronically through the ERP system, ensuring easy access and participation.

Moreover, evaluations will be conducted for all college events, and the feedback received will be thoroughly analysed. Based on the feedback received, appropriate actions will be taken to address any identified areas for improvement or enhancement. This feedback-driven approach will contribute to continuous improvement and the overall advancement of the institution.

7. Internal assessment

The Continuous Internal Assessment (CIA) comprises various components including written tests, seminars, assignments, projects, quizzes, discussions, and attendance. Allocation for Internal Assessment will be distributed as follows:

a) Written tests: Each semester will feature two tests, encompassing questions of varying lengths, including short, medium, and long answers. For students unable to attend the mid-semester test, a makeup test will be scheduled. Additionally, alongside the makeup test, a Continuous Internal Assessment (CIA) improvement test will also be conducted.

b) Seminars, quizzes and assignments : The percentage of marks will be allocated between seminars and assignments. In cases where only one type of work is completed, a minimum of two such exercises per paper per semester will be required.

c) As per the direction of affiliating University relating to CIA marks will be allotted.

If disagreements persist, they can submit a formal appeal to the Grievance Cell through the Controller of Examinations.

Value added Programs: Every student is required to enrol in Value Added Programs. Evaluation for these courses will as per the approval of Internal BOS Board for Value Added Progrmas.

NSS, NCC, Sports, Cultural and other allied Programmes: To be eligible for the Degree, students must complete a minimum of 5 additional credits in the afore mentioned programs. These programs include practical and field-oriented courses, where two hours per week per semester equate to one credit. A maximum of 2 credits can be earned per year from any single activity listed above. Students are allowed to enrol in multiple programs. Assessment for these programs is conducted entirely internally.

8. External assessment

The course instructor and the External Examiner will set question papers and develop the scheme of valuation. The Board of Examiners (BOE) will review the question papers at least two weeks before the end-semester examinations commence. Two sets of question papers will be prepared, and one will be selected on the day of the examination. Internal staff members will evaluate the answer scripts and compile the mark lists. Students will have the option to request photocopies of their graded answer scripts, request re-totalling, and apply for revaluation if necessary. Answer

scripts that were not previously assessed by a particular examiner will be evaluated by them in these cases.

Financial Implications:

The transition to an autonomous setup will necessitate the hiring of additional staff such as the Registrar, Controller of Examinations, Laboratory Assistant, Graduate Stenos cum Clerks, and others. Existing staff will also undergo training to adapt to the new system. The college will incur expenses related to organizing meetings of academic bodies, procuring equipment, and acquiring new books and journals.

Despite the challenges, with the realistic grant-in-aid from UGC towards autonomy, the Management will be able to effectively and efficiently manage the college's operations. Additionally, the college has a well-structured audit system in place to ensure accountability and transparency in financial matters.

9. Financing plan, with details of the sources

The institution will implement effective financial planning and practices, overseen by a qualified financial manager who will monitor and guide all financial activities to ensure a seamless process.

Each department will be required to submit annual academic budgets for the academic year according to the prescribed format. Upon receipt of these budgets, the principal will forward them to the Management for approval.

To mobilize funds, the institution will utilize various sources such as student admission fees, industrial consultation fees, renting out space for external examinations, grants from external agencies, and interest earnings from term deposits.

ENVIRONMENTAL DAY: MEGA PLANTATION DRIVE

Samrakshan, the Eco-Club of Jain College, Vasavi Campus, was propitious enough to fraternize with the **Department of Forests, Government of Karnataka**, in its **Mega Plantation Drive**that was held on 5th, 6thand 7th of June, on account of the **World Environment Day**. The **multi-sector collaboration** of the **Forest Department, NGOs (Crazy Creation-Youth Club, SEED-Shrusti Education and Environment Development Organisation, Rotary Lakeside, Kolar, CAN Network -Collective Action and Network) and public organisations (Parisara Hitarakshana Samiti, Grameena Mahila Okkoota**) intends to accomplish the goal of reforestation of **Vrishabhadri Hills at Devarayasamudra of Mulbagal Taluk, Kolar District**. It is calamitous to hear that the Government of Karnataka had granted permission to execute mining activities in the said locality owing to abundance of its resources. The strong agitation by the village panchayat of Devarayasamudra and the local villagers against the Government of Karnataka has been fruitful and consequently, a stay against the grant of license for mining activities ensued. Ever since then, the various bodies have been striving for the revival of the ecosystem. The travail has actualised **reclamation of 7 lakelets, the hills and the livelihood of the natives** who depend on these resources and shielded them from being acquired by the Government. The synergic efforts for reconstitution of the ecosphere have been ceaselessly made and the Mega Plantation Drive is bound to be one such mighty mission.
